2020 Old Vine Cabernet Sauvignon

Our 2020 Old Vine Cabernet Sauvignon is a true testament to the quality of our grape growing, the meticulous management of our estate vineyard, and the artistry of our winemaking. Crafted from vines planted in 1989 that have stood the test of time, this wine stands as a beacon of excellence. These low-yielding, old vines produce small berries, allowing us to craft wines of aromatic complexity and age-worthy structure. A tapestry of dark fruit aromas reveals notes of blackcurrant, bramble berry, mocha, and graphite that carry through to the palate. Secondary flavors of seared sandalwood, leather, and pipe tobacco create layers of complexity. The palate showcases weight and structure with fine-grained yet polished tannins and balanced acidity. Lingering flavors of cherry cola, roasted dates, and hints of smoked beechwood coat the palate for a rich, elegant finish.

With a medium ruby core, the 2020 Old Vine Cabernet Sauvignon displays an oaky nose with notions of brown baking spices before dusty red fruit essences waft from the glass. Medium to full-bodied, the palate is firm and juicy, with a delicate mineral tension that sways with elements of dusty plum and cherry blossoms before showing fine-grained tannins. It ends with a delightfully long, oaky finish and will please those who enjoy a lighter style of Cabernet with oak. Just under 1,000 bottles were produced.
